

FCSD2 Downtown Parking Area/Portable Business Rentals

Fremont County School District 2 is changing the process for portable business rentals beginning 2/1/2024 for the Downtown Parking Area. Beginning February 1, 2024, portable businesses interested in renting a space in the Downtown Parking Area will fill out an application and can rent a space year-round if desired. Because we are changing the process, interested businesses will fill out an application found on the district website and must have them submitted **no earlier** than January 23rd at 8 am, along with a minimum of the first month's rent. Please note, that there are three spaces available, spaces are first come first serve basis. Applications received will be time and date-stamped to ensure first come first serve. Businesses can rent month-to-month or year-round, as long as spaces are available. All information is listed in the application. To access the application, go to https://www.fremont2.org/Business_Services and download the Downtown Parking Area Application. For more information, contact Amanda at 455-5545.
